Aloha Class of 1987,

I attended a ceremony last week that handed out the scholarships at Mamiya Theater. Our class name was apart of 4 scholarships and each individual who received these were very deserving of these. It was nice being back in the theater where we were the first class to have an event in there (Ring Ceremony). Like the saying goes "It all started with us". First in the theater, first in Football, first in Homecoming all 4 years, and first to have everyone in Mr. Mack's Biology class ace the test (NAH). There was a lot that we accomplished as a class and should be very proud of this.

Now we are trying to be a great contributor to our school for all those memories that we all walked away with. We are having our next golf tournament on July 24, 2009 at Waialeale Golf Course, which 100% goes to our fund to be able give to these scholarships every year. So please Kokua where ever you can, we always need help finding golfers, prizes and volunteers to make it a success year after year. Please let me know if you can help out.

I was honored to represent our class in this Ceremony. It was very gratifying to see these kids get these scholarships to help them further their education at SLH and also onto College for one. One of these recipients lost his father in the beginning of the school year and this money is helping him continue his education. All of these young men met and exceeded our requirement that we set forth to obtain this award.

I just like to say thanks for being such a great group of brothers to help our class be the best, like old times.

Mahalo,

**Tony Hall**
