Privacy Statement

Thank you for visiting www.808BusinessSolutions.com (our "Site"). We appreciate the opportunity to interact with you on the Internet and are committed to protecting and safeguarding your privacy. The purpose of this Privacy Policy is to inform you about the types of information we might collect about you when you visit our Site, how we may use that information, whether we disclose it to anyone, and the choices you have regarding our use of, and your ability to correct, that information.

What Information We Collect and How We Use It

Any information we collect on our Site generally falls into the following two categories: Personally Identifiable Information and Aggregate Information.

Personally Identifiable Information: This refers to information that lets us know specifically who you are. In general, you can visit our Site without telling us who you are or revealing any Personally Identifiable Information. You may, however, voluntarily provide Personally Identifiable Information (such as name, address, e-mail address, and telephone number) to be shared with 808 BUSINESS SOLUTIONS for the purpose of contacting you, including via e-mail, to respond to your comments or inquiries. In such event, we might maintain a record of your contact, including such Personally Identifiable Information, in a file specific to you. We use this information to provide better service in the event that you contact us again.

Ordering - When you place an order for products or services, we collect Personally Identifiable Information (such as name, contact and billing information, credit card, and other transaction information). We use this information to deliver your order, process payment, and to communicate with you about the status of your order. Credit card information submitted with your order is used only for payment processing and is not retained for any other purpose.

Promotional Activities - We may also use your Personally Identifiable Information to provide you newsletters and other marketing information we think would be of particular interest to you concerning things such as new product offers or web site features. But we always give you the opportunity to let us know if you do not wish to receive unsolicited promotional materials from us, and we will make every reasonable effort to honor such requests.

Sharing Your Information

Except as disclosed in this Privacy Policy, we do not sell, trade, rent, or otherwise retransmit any Personally Identifiable Information we collect online unless we have your permission. Any Personally Identifiable Information you provide to us will be stored in 808 Business Solutions' databases in the United States.

We may share Personally Identifiable Information you provide online with other 808 Business Solutions-related entities and/or business partners that provide services to 808 Business Solutions. Where we engage third-party agents or contractors to perform services on our Site, we will require them also to observe the intent of this Privacy Policy.

From time to time, we may be required to provide Personally Identifiable Information in response to court order, subpoena, or government investigation. We also reserve the right to

report to law enforcement agencies any activities that we in good faith believe to be unlawful. We may release Personally Identifiable Information when we believe that such release is reasonably necessary to enforce or apply our Terms of Use or to protect the rights, property, and safety of others and ourselves.

808 Business Solutions or its related entities could merge with or be acquired by another business entity, or their respective assets could be acquired. Should such a merger or acquisition occur, you should expect that we would share some or all of your Personally Identifiable Information to companies serving you and other users of our Site.

Your Choices

Your permission is always secured first. We will not use or share the Personally Identifiable Information collected on our Site in ways unrelated to the purpose for which you provided the information, including those described above, without providing you a choice whether to permit any such unrelated uses.

Accessing and Correcting Your Information

We take reasonable measures to ensure that any Personally Identifiable Information we collect on our Site is accurate, current, complete, and reliable for its intended use. If you wish to update or otherwise correct Personally Identifiable Information you have provided to us, you may send us an email or letter stating this request by contacting us at the address or phone number listed at the top of this page.

Protecting Your Information

We acknowledge your trust and are committed to take reasonable steps to protect Personally Identifiable Information you provide online from loss, misuse, and unauthorized access. We employ physical, electronic, and managerial processes to safeguard and secure your information.
